PROFILE SUMMARY

Software Developer with extensive experience in building **high-performance websites**. Specializing in **ReactJS** and **NodeJS**, I deliver **fast, secure applications** while optimizing **server management** for peak performance. My projects include a site for the **Dubai World Police Summit**, a **secure chat app**, and the **React Smooth Scroll Package** with over 600 downloads. I also developed an **e-commerce site for travel bags** and am working on **Bazaar Insights**, a SAAS platform for Hypixel Skyblock players. My strengths lie in **collaboration** and delivering **scalable**, impactful solutions.

PROFESSIONAL EXPERIENCE

Trinibuy LTD – Software Developer

Dec 2023 – Present

- Architected full-stack websites using **ReactJS** and **NodeJS**, dramatically improving performance with a **40% reduction in loading times**.
- Engineered comprehensive security infrastructure using **Nginx** and **Certbot**, achieving **100% SSL coverage** across all client websites.
- Revolutionized development workflow by implementing WordPress automation tools, increasing development speed by **45%**.
- Optimized DevOps processes and database operations, enhancing internal email management efficiency by **30%** and reducing system downtime by **25%**.

Inrits – FullStack Developer

Jan 2023 – May 2024

- Developed GPI - **Global Police Indicators**, a platform showcased at the **Dubai World Police Summit 2024**, expanding platform scalability by **50%**.
- Utilized **React.js**, **Node.js**, and **AWS** to streamline deployment processes, reducing server response times by **35%**.
- Implemented advanced database systems, accelerating data retrieval by **20%** and significantly improving overall user experience.

Safari – Web Developer

Oct 2022 – Jan 2023

- Created a mobile-responsive website using React.js, driving customer engagement up by **25%**.
- Integrated **Google Maps** functionality, resulting in a **40%** increase in user interaction.
- Optimized hosting and domain configuration, reducing downtime by **15%** and improving **SEO rankings**.
- Implemented **Google Workspace**, boosting business communication efficiency by **20%**.
