PROFILE SUMMARY

Software Developer with extensive experience in building **high-performance websites**. Specializing in **ReactJS** and **NodeJS**, I deliver **fast**, **secure applications** while optimizing **server management** for peak **performance**. My projects include a site for the **Dubai World Police Summit**, a **secure chat app**, and the **React Smooth Scroll Package** with over 600 downloads. I also developed an **e-commerce site for travel bags** and am working on **Bazaar Insights**, a SAAS platform for Hypixel Skyblock players. My strengths lie in **collaboration** and delivering **scalable**, impactful solutions.

PROFESSIONAL EXPERIENCE

Trinibuy LTD – *Software Engineer*   Dec 2023 – Present

- Led the design and development of full-stack websites using ReactJS and NodeJS, achieving a 40% reduction in loading times.
- Implemented security protocols via Nginx and Certbot, achieving 100% SSL coverage for all client websites.
- Spearheaded website optimization efforts, increasing development speed by 45% through WordPress automation tools.
- Managed DevOps tasks and streamlined database operations, enhancing internal email management efficiency by 30% and reducing downtime by 25%.

Inrits – *FullStack Developer*   Jan 2023 – May 2024
